Taught A Lesson

Author's Note:

Brought to you by our sick minds, enjoy!

William usually wasn't one for big parties like this, but considering what everyone had just gone through, he felt somewhat obligated to show up. Thankfully they had REALLY good drinks here, so he had been able to loosen up as the night went on.

Now, Godzilla was getting his freak on, waving his monster cock around in a drunken stupor. He could admit to being slightly jealous, but since they were sorta the same person, it was cool. Noticing Jane slipping a hand down her pants, he stealthily made his way over, before starting to hump her amazing ass.

Jane *definitely* noticed, grabbing and guiding his hands along her body, grinding back against him. William started kissing her neck, sticking 2 fingers in her wet pussy, turned on by the fact that they could be caught at any moment.

"Yeah, you like that you slut?" He whispered into her ear, still dry humping her and finger-fucking her soaking wet cunt.

"I do... you like *me* , you man-whore?" She huskily whispered, doing her best not to be heard by Ellie, who was only 3 feet away, although completely distracted by the show Godzilla and Maddie were putting on. William definitely liked her, and told her as such.

"You'd better... I'm fucking *hot* ." She said, using her powers to fuck

his asshole, who had to bite her neck harshly to keep from making any noise. Jane looked to see if Ellie could see her, before slipping her hand down William's pants.

"Wanna take this to the bathroom?" He bit out, trying to control his breathing. As exciting as it was to do this in the middle of the room, he wanted to get this little sexual party REALLY moving. Jane nodded, unable to respond, and worried Ellie would still hear her.

They made their way to one of the bathrooms, somehow managing to not get noticed or caught. As soon as the door closed, William practically tore his clothes off, Jane doing the same thing, before damn near shoving him to the ground, starting to ride him.

"Yeah, fuck, you're so hot." William said, closing his eyes from the pleasure, hands going to gripe Jane's hips. He heard her chuckle, before leaning down to whisper in his ear.

"You like me better than her, don't you? Yours is a bit of a prude, a goody-goody, but I see the truth... you like bad girls, don't you Will?" At that, the fog in his mind was lifted somewhat, and he cracked open an eye to glare half-heartedly at her.

"I *do* like bad girls, but Ellie is still the love of my life, there's nobody I like more than her." He said, watching as Jane started laughing snidely, still eagerly riding his dick.

"Oh... then why am I the one you're fucking instead of her? Admit it... you like being able to punish someone you *know* deserves it." Jane said smugly, a snide smirk on her face, before William suddenly

flipped them over, taking her from behind.

“Yeah, I like dominating bad girls, someone like *you* . It’s okay though, we have a rule.” William said, practically jackhammering her pussy, listening to the sounds their sex parts were making.

“R-Rule?” Jane got out, suddenly breathless. God, she was getting close to an orgasm, how had this happened so quickly?

“Yeah, since you’re practically the same person, I’m allowed to have my way with you.” William grunted, reaching around to painfully grope her breasts, and pinch her erect nipples.

“Y-you’re not gonna stop, are you?” She breathed out, suddenly feeling out of control. She cried out, feeling an orgasm rock her body, and she could feel William shoot his load deep into her womb, before using his superior physical strength to hold her wrists behind her back, continuing to fuck her.

“No, not until I’m satisfied.”

William shoved the tube down Jane’s throat, pumping water into her body. Once he felt she was ready, he slowly took the tube out, before quickly taping her mouth shut, so nothing could escape.

Taking a step back, he admired his handy work. They were going on hour 3, so he’d decided to have some fun. Now she sat tied to a chair, with a dildo strapped to it, constantly vibrating in her pussy. She was

blindfolded, and had wires connected to different parts of her body, the same mechanism hooked up to the dildo.

Turning the device on, he watched Jane's body twitch and spasm, as much as she could tied to the chair. He could hear her make choking noises, like she couldn't breathe, like she was having a seizure, and he LOVED it. Loved seeing such a naughty and bad version of his girlfriend broken beyond repair, used and abused how he saw fit.

Later...

William stood in a wrestling ring, standing across from a dazed and weakened Jane. She was wearing a string bikini, looking dead on her feet, but he knew she could take more. She was a strong bad girl after all.

Stepping in front of her, he grabbed her chin, lifting her head up to level, before smacking her as hard as he could. He watched her fall to the ground, groaning weakly in pain, before he started kicking her ass, literally in this case. With every hit, her ass did a little jiggle, and she softly cried out, words slurring together into an incoherent mess.

"What's the matter, can't put up a fight?" He asked, flipping her onto her back. Lifting his foot, he brought it crashing down onto her abused pussy, loving the sound of her crying out in pain. After repeated pussy stomps, he grabbed hold of her arms, dragging her nearly limp body to one of the corners. Taking off her bottom bikini, he shoved it into her mouth, Jane groaning around it, head lulling side to side.

Laying down in front of her, he started tongue-fucking her pussy, the slut moaning into her own bikini. She was already soaking wet, practically drowning him in her juices. After just one minute, she came hard, squirting from the intensity. Standing back up, he admired her broken and defeated body. Hour 6 was just about over, only 2 more to go...

For the last 2 hours, William figured she deserved somewhat of a break, so they just laid on his bed, completely nude. The poor girl was out like a light, but that didn't stop him from fucking her, alternating between her ass and pussy. Finally reaching the full 8 hours, he figured it was time for sleep.

Ah, what a good toy she was...
